The newcomer testo 310 II. Simple, digital and with individually configurable display.

Find our Testo distribution partners at www.testo.com.

Simply more efficient in flue gas measurement. The testo 310 II is here.

The perfect start into the world of heating measurement technology: The new testo 310 II combines best-in-class efficiency and simplicity for the commissioning and maintenance of heating systems. On the individually configurable display, you have up to 7 measurement parameters in view at the same time. Flue gas measurement was never this efficient and simple.

SIMPLY EFFICIENT
display of up to 7 parameters simultaneously

SIMPLY INDIVIDUALLY CONFIGURABLE
display

SIMPLY FAST
data transfer and customer data management via App

SIMPLY INTUITIVE
in the menu navigation

SIMPLY DIGITAL
measurement and documentation with the testo Smart App

New

- What else the testo 310 II has to offer:**
- Rechargeable lithium battery for over 8 hours of operation
 - Robust & lightweight – perfect for daily use
 - Sensor zeroing in 30 seconds saves even more time
 - Integrated measurement probe to eliminate leaks
 - Exchangeable probe filters for more flexibility
