We cover most customer applications – and there’s more to come.

Why we migrate

Elevating Our Customers: Migration to the New Cloud Platform

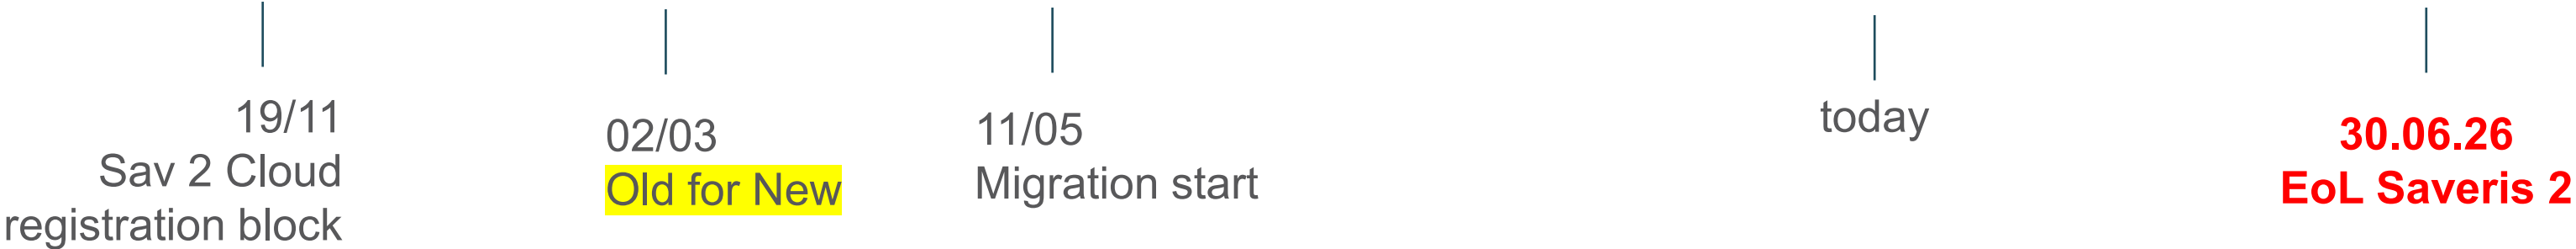

Product

testo Saveris / Smart Connect

Timeline

Saveris 2

Overview Migration

**Basic Saveris 2
Customer**

- ❖ From end of April 2026: Migration Wizard migrates the complete setup (supported loggers including data, measurement points, users, measurement profiles).
- ❖ Customer receives a **free trial** in the new cloud with the same number of loggers as in Saveris 2.

**Advance Saveris 2
Customer**

- ❖ Migration with the Migration Wizard Setup (supported loggers including data, measurement points, users, standard profiles) is migrated.
- ❖ Remaining term of the Saveris 2 Advanced license is transferred to testo Saveris Cloud including SMS.
- ❖ NOT FULLY Migrated : Automatic Reports , customs alarm , **API**

**Data Monitoring
License**

Testo Saveris (Gen 1)

Gen 1 Saveris 2 Data Logger

Product name	Order number
testo Saveris 2-T1	0572 2001
testo Saveris 2-T2*	0572 2002
testo Saveris 2-T3*	0572 2003
testo Saveris 2-H1	0572 2004
testo Saveris 2-H2*	0572 2005

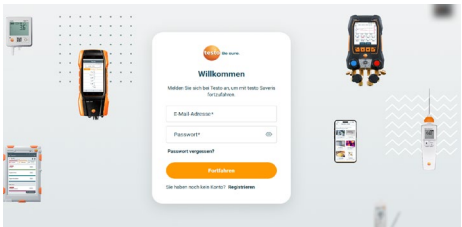

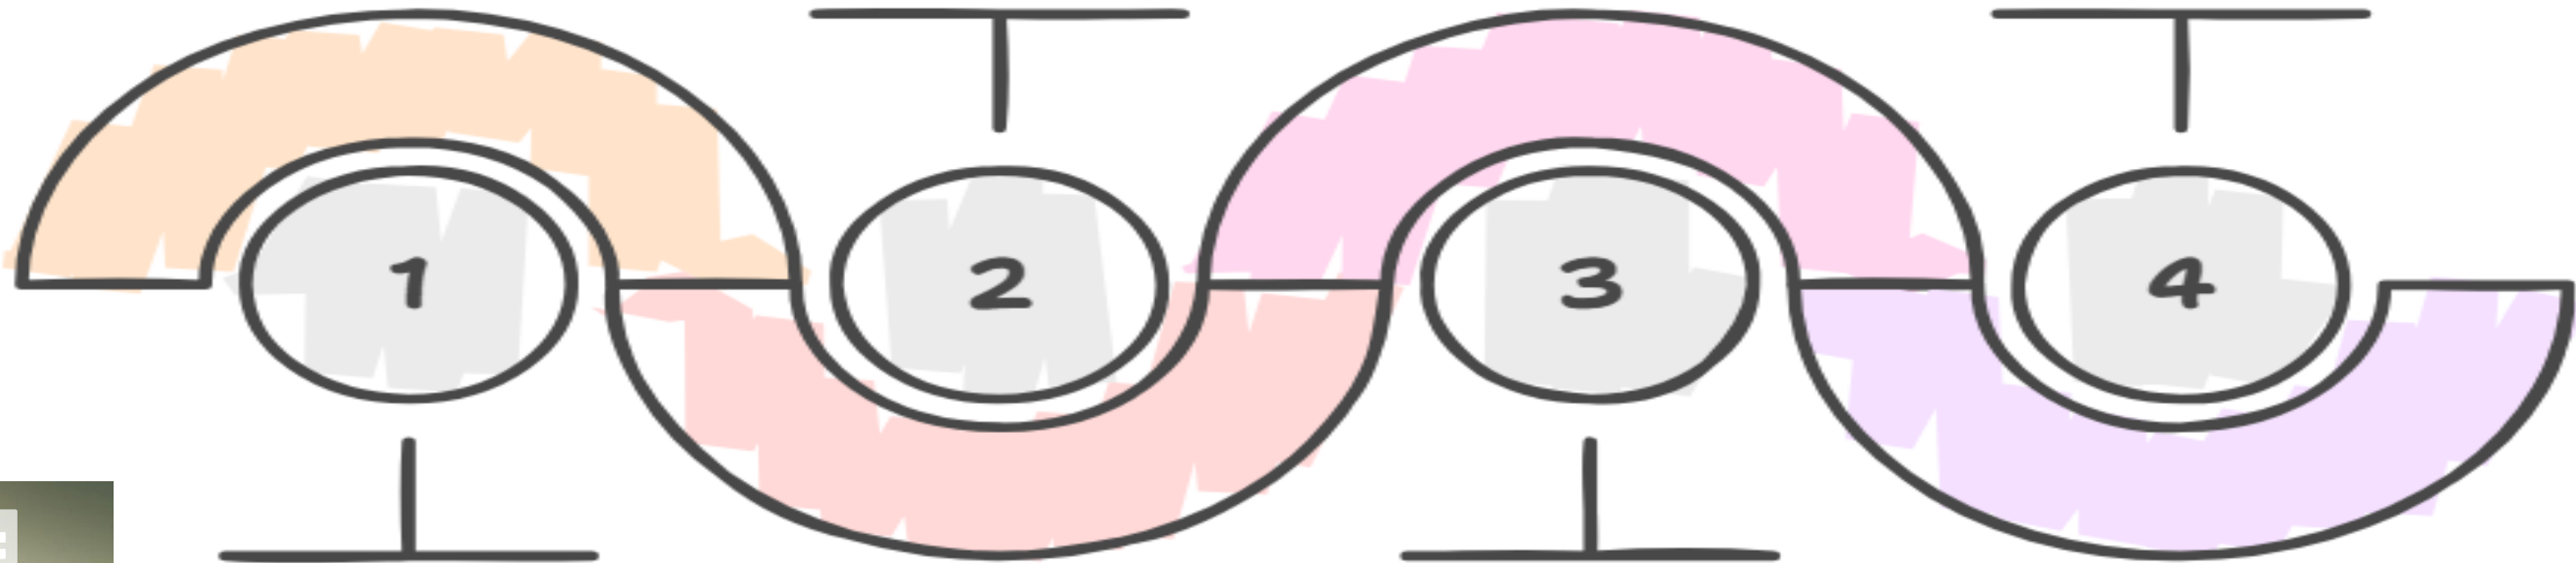

General information

Serial number: 45123987

Firmware number
identification.

1st generation
Saveris 2
dataloggers are
not compatible
with the new
Saveris cloud

Serial Number
identification

* External probes attached can remain in use
(except H2)

Affected customer accounts are identified

- Account email address, serial numbers and amount of Gen1 loggers are known
- Customer lists will be shared to respective distributor

Customers to be contacted

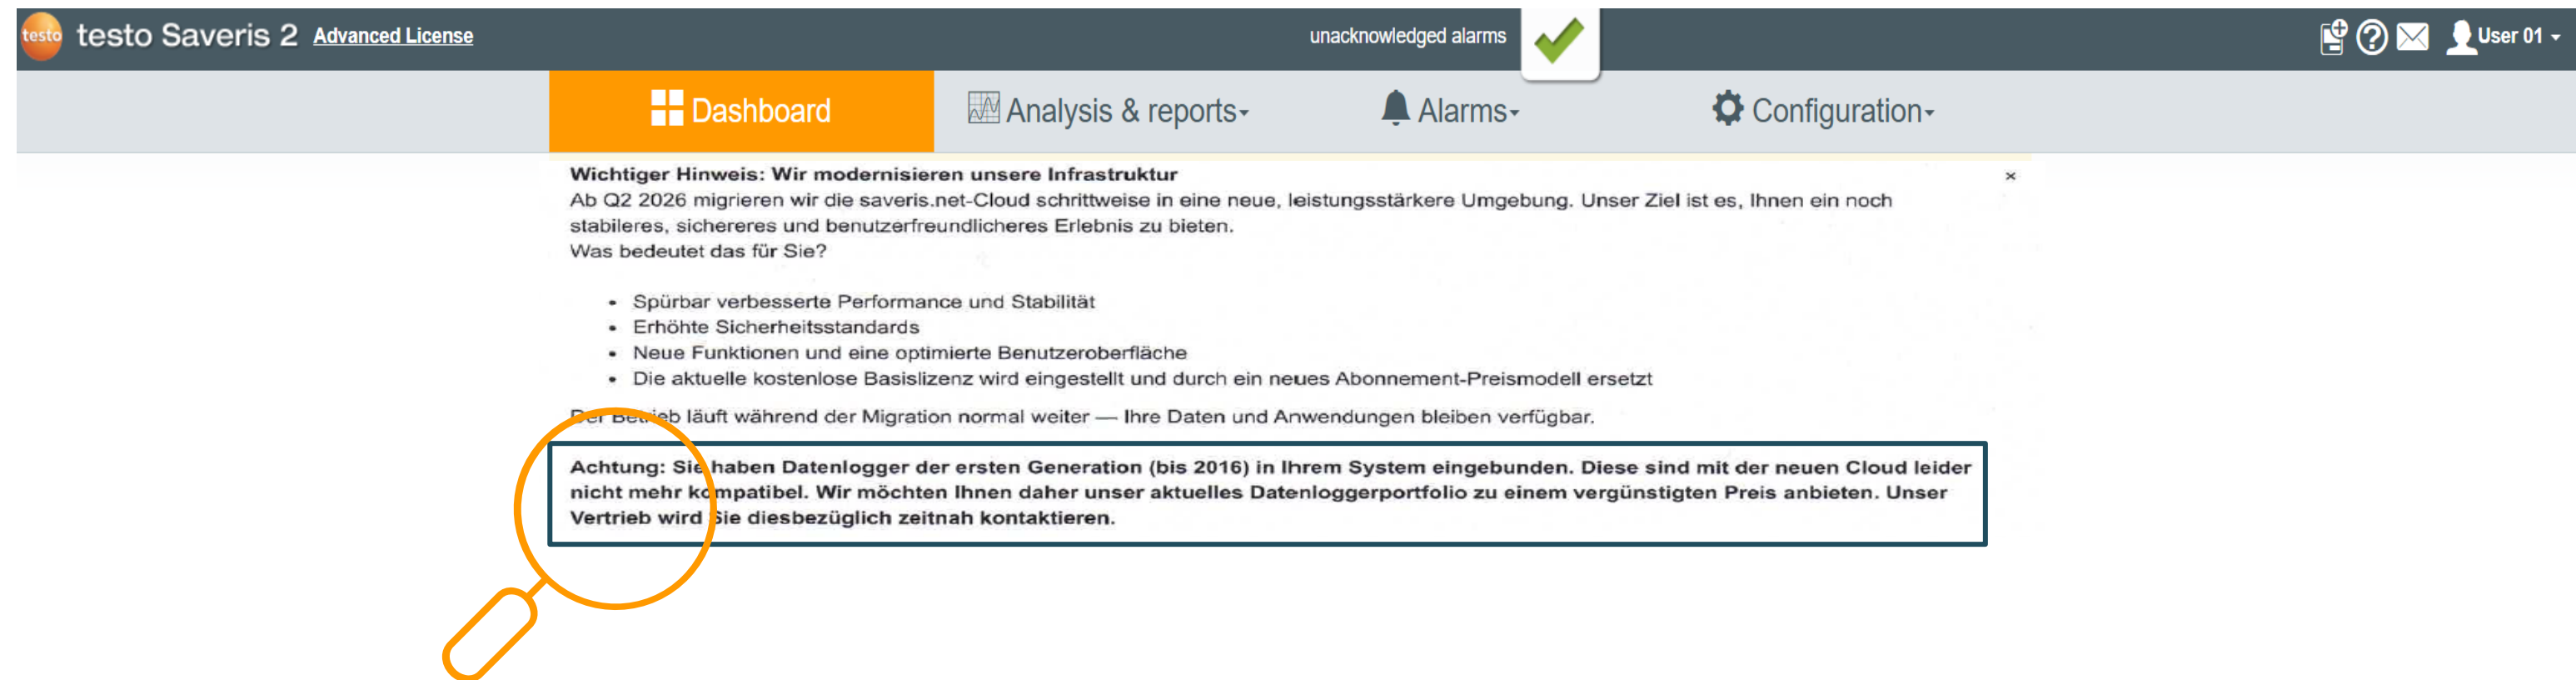

- Information about necessity of exchanging old hardware
- Gen2 and testo 162 loggers
- Customer mailing by TESTO and DISTRIBUTORS

Customers don't have to send in their Gen1 loggers

- Creates additional effort
- Customer needs to have uninterrupted monitoring

What happens next?

Wichtiger Hinweis: Wir modernisieren unsere Infrastruktur

Ab Q2 2026 migrieren wir die saveris.net-Cloud schrittweise in eine neue, leistungsstärkere Umgebung. Unser Ziel ist es, Ihnen ein noch stabileres, sichereres und benutzerfreundlicheres Erlebnis zu bieten.

Was bedeutet das für Sie?

- Spürbar verbesserte Performance und Stabilität
- Erhöhte Sicherheitsstandards
- Neue Funktionen und eine optimierte Benutzeroberfläche
- Die aktuelle kostenlose Basislizenz wird eingestellt und durch ein neues Abonnement-Preismodell ersetzt

Der Betrieb läuft während der Migration normal weiter — Ihre Daten und Anwendungen bleiben verfügbar.

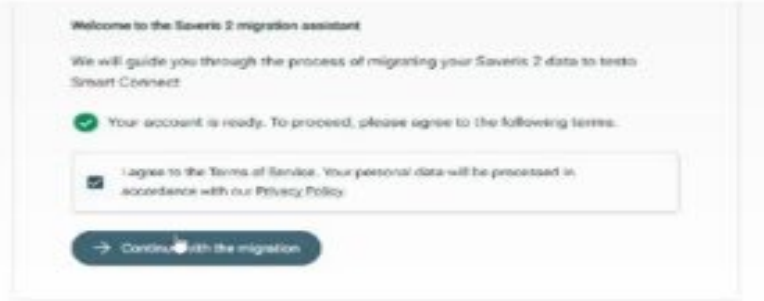

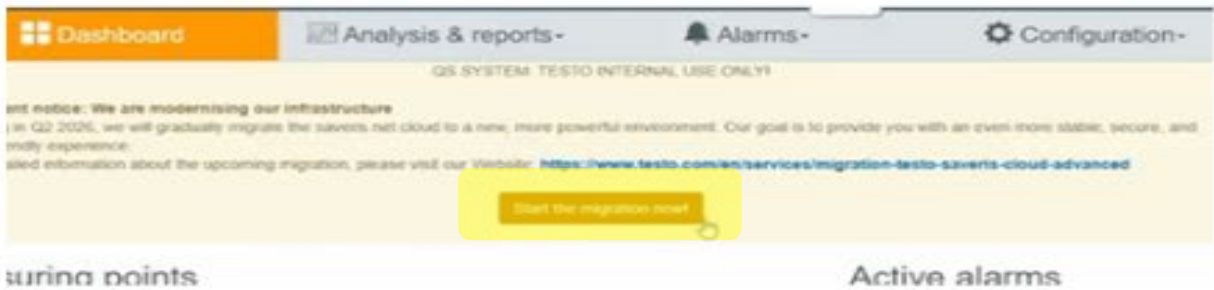

Achtung: Sie haben Datenlogger der ersten Generation (bis 2016) in Ihrem System eingebunden. Diese sind mit der neuen Cloud leider nicht mehr kompatibel. Wir möchten Ihnen daher unser aktuelles Datenloggerportfolio zu einem vergünstigten Preis anbieten. Unser Vertrieb wird Sie diesbezüglich zeitnah kontaktieren.

Attention: You have integrated first-generation data loggers (up to 2016) into your system. Unfortunately, these are no longer compatible with the new cloud. We would therefore like to offer you our current data logger portfolio at a discounted price. Our sales team will contact you shortly regarding this . Please contact info@testo.my to benefit from this promotion

Testo Saveris Migration

Migration Process

- 1

Log in to the Saveris 2 account.
Web banner with Migration wizard
- 2

Auto diverted to new cloud.
Use the same log in to access
